We will be trialling a three week cooking rotation with the school being split into three R-7 groups (knives, forks and spoons.)

Having mixed age groups in the kitchen space allows for closer relationships to be formed between the younger and older students and ensures the JP kids access the kitchen more regularly. The MP and UP students have developed good skills over the last two years in the kitchen and are primed to take on new challenges in this space.

If you are available as a parent volunteer, please let Katie, Lyndsey or Bron know the dates asap.

Thanks Katie
